

Altos BrainSphere™ P130 F5

Altos BrainSphere™ P130 F5 workstation, powered by Intel® Gen8/Gen9 CPU delivers rock-solid performance and great flexibility. With power-saving hardware as well as substantial advancements in HDD and memory maximization, Altos BrainSphere™ P130 F5 offers a comprehensive solution for all business scenarios.

Solid Performance and Great Flexibility

Powered by Intel® 8th Gen Xeon® E family, I3, I5, I7, Pentium Gold or Celeron G4900 with great memory capacity and high performance, this workstation uses industry-leading 14nm processors that handle large workloads more efficiently. Flexible expansion slots, plus up to 32TB hot-plug HDD for data storage to satisfy to store huge amount data.

Data Security

Altos BrainSphere™ P130 F5 is packed with reliable hardware, including an integrated dual ports Gigabit Ethernet controller for speedy and safe data transmission, and built-in 6-channel SATA with software RAID 0, 1, 5 or 10 to ensure data security.

Cost-effective expandability and Green Computing

Altos BrainSphere™ P130 F5 is built around an easy-access chassis that offers the convenient access to its internal components, reducing maintenance and service costs. It is equipped with an 80 PLUS® power supply for maximum energy efficiency and complies with ENERGY STAR®

Accelerate AI development

With Altos BrainSphere™ AI Development Platform API service agent, it integrates system, GPU and AI Deep Learning container management to fast build and deploy AI development environments.

About Altos

Altos Computing Inc. (abbr. Altos) is established in 2017 and it is a subsidiary of Acer Inc. The business model of Altos is to provide the best streamlined and cost-effective integrated solutions thru in-house R&D working with ODM/IHV/ISV on servers, workstations, thin client, network and storage. In the era of demanding speed, Altos provides leading solution included, but not limited to High Performance Computing, Virtual Desktop Infrastructure, Cloud Infrastructure and Software Defined Storage, etc.

Altos provides solutions and services to government, academia, cloud service providers, datacenter operators and enterprises.
